

## TRAINING...IT'S THE LAW!

Title 49 Code of Federal Regulations Part 172, Subpart H, mandates training for individuals involved in the transportation of hazardous materials (hazmat.) New hazmat employees must be trained within 90 days after employment. Recurrent training of ALL HAZMAT employees is required at least every 3 years.

### TRANSPORTATION SAFETY INSTITUTE

The U.S. Department of Transportation (USDOT) Transportation Safety Institute (TSI) offers the following courses designed to train individuals in skills necessary to monitor the transportation of hazmat in their areas of responsibility. Basic and specialized courses are offered and include all training materials.

- **Cargo Tank Regulatory Compliance** (5 Days) The instruction in this course is directed to those 49 CFR regulations that relate to shippers and carriers of hazmat by cargo tank.
- **Transportation of Hazardous Materials** (5 Days) This course provides a basic working knowledge of the hazmat regulations contained in 49 CFR.
- **USDOT Motor Carrier Safety Regulations Course - Driver & Vehicle** (5 Days) This course provides regulatory compliance skills to comply with the Federal Motor Carrier Safety Regulations and related hazmat regulatory requirements (49 CFR, Parts 397 & 177.)
- **USDOT Motor Carrier Safety Regulations Seminar** (3 Days) This instruction focuses on preparation for review by Federal or State enforcement representatives. (Call for locations and dates.)
- **Infectious Substances Transportation** (2 Days) This course covers the requirements for shipping and transporting infectious substances, diagnostic specimens, biological products, regulated medical wastes, and related exceptions.

**NOTE: A working knowledge of the hazardous materials regulations is required to attend the following courses:**

- **Instructor Training: Hazmat Transportation Modules** (3 Days) This is instructor training which is designed to improve the safe transportation of hazmat through the use of a modular training program. A pretest is required.

- **Transportation of Hazardous Materials (Recurrent)** (3 Days) This is enhanced instruction to provide recurrent training for hazardous materials employees.
- **International Maritime Dangerous Goods (IMDG) Transportation** (4 1/2 days) This training focuses on "how to use" the 5-volume IMDG Code. Areas covered emphasize the domestic and international transportation of hazmat by ocean vessel.
- **Air Transportation of Hazardous Materials** (3 Days) This course concentrates on the requirements and standards for ICAO/IATA and applicable parts of the 49 CFR. (An optional 4th day emphasizing military airlift of hazmat is available through special arrangement.)
- **Specialized Cylinders** (3 Days) This training focuses on the requirements for offering, transporting, testing, qualifying, maintenance, and use of cylinders containing hazmat as required by 49 CFR.
- **Specialized Explosives** (4 Days) This training course covers the shipping and transportation of explosives in accordance with 49 CFR.
- **Performance-Oriented Packaging (POP)** (3 Days) This course concentrates on packaging, manufacturing, testing, marking, and use in accordance with 49 CFR.
- **Specialized Hazardous Wastes & Substances** (4 Days) This instruction is directed towards the shipping and transportation of hazardous wastes and substances in accordance with 49 CFR and 40 CFR. (This is not a RCRA course.)
- **Specialized Radioactive Materials** (4 Days) This course is designed to determine whether RAM shipments are prepared and transported in accordance with 49 CFR. It includes inspection procedures using radiation-monitoring devices.

### LOCATION OF CLASSES

All classes are conducted at the Transportation Safety Institute in Oklahoma City, Oklahoma, unless otherwise indicated.

Call (405) 949-0036, Ext. 374 for additional information or to sponsor a course or seminar.

## COURSE TUITION

### AND

## DATES OF TRAINING

*(Check desired course and date.)*

- ☐ **Cargo Tank Regulatory Compliance - \$350**
  - ☐ JAN 22-26, 2001
- ☐ **Transportation of Hazardous Materials - \$525**
  - ☐ OCT 23-27, 2000      ☐ FEB 26 - MAR 2, 2001
  - ☐ DEC 4-8, 2000      ☐ APR 30 - MAY 4, 2001
- ☐ **USDOT Motor Carrier Safety Regs - \$525**
  - ☐ OCT 23-27, 2000      ☐ MAR 12-16, 2001
  - ☐ JAN 22-26, 2001      ☐ MAY 7-11, 2001
- ☐ **Specialized Infectious Substances - \$188**
  - ☐ OCT 11-12, 2000      ☐ JAN 10-11, 2001
- ☐ **Instructor Training: HM Modules - \$350**
  - ☐ FEB 21-23, 2001      ☐ APR 17-19, 2001
- ☐ **Transportation of Hazmat (Recurrent) - \$320**
  - ☐ NOV 13-15, 2000      ☐ MAR 13-15, 2001
- ☐ **IMDG - \$500**
  - ☐ FEB 12-16, 2001      ☐ AUG 6-10, 2001
- ☐ **Air Transportation of Hazmat - \$400**
  - ☐ NOV 6-8, 2000      ☐ MAR 20-22, 2001
- ☐ **Specialized Cylinders- \$300**
  - ☐ MAY 2-4, 2001      ☐ SEP 5-7, 2001
- ☐ **Specialized Explosives - \$400**
  - ☐ JAN 30 - FEB 2, 2001
- ☐ **Performance-Oriented Packaging - \$300**
  - ☐ OCT 11-13, 2000      ☐ FEB 13-15, 2001
- ☐ **Specialized Haz Wastes & Substances - \$400**
  - ☐ DEC 12-15, 2000      ☐ JUN 19-22, 2001
- ☐ **Specialized RAM - \$380**
  - ☐ OCT 31 - NOV 3, 2000
  - ☐ APR 17-20, 2001
